

RAHUL JHA

Frontend Developer | React.js | Next.js | TypeScript

Delhi | rahuljha.189244@gmail.com | rahuljha.in | linkedin.com/in/rahuljhax/

SUMMARY

Frontend Developer with 4.8 years of experience building scalable web applications using React.js, Next.js, and TypeScript. Expertise in developing reusable components, integrating REST APIs, and optimizing performance. Experienced in building role-based dashboards, subscription systems, and delivering high-quality user experiences.

SKILLS

- **Frontend:** React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3
- **State Management:** Redux Toolkit, Context API
- **API Integration:** REST APIs, Axios, Fetch
- **Performance:** Code Splitting, Lazy Loading, Memoization
- **Tools:** Git, GitHub, GitLab, npm, Vite, Webpack
- **UI Development:** Responsive Design, Flexbox, Grid, Tailwind CSS, Bootstrap

WORK EXPERIENCE

Frontend Developer

May 2022 – Present

[Digilanter](#) (Delhi NCR)

- Developed scalable role-based dashboards and SPAs for multi-role platform
- Built reusable components and complex multi-step forms with validation
- Integrated REST APIs, authentication, and payment gateway workflows
- Improved performance using code splitting, lazy loading, and render optimization
- Implemented chunked file uploads with progress tracking and error handling

Frontend Developer

June 2021 – Apr 2022

[MRC Infotech](#) (Delhi NCR)

- Built responsive, production-ready UI components
- Developed reusable component libraries to accelerate development
- Integrated REST APIs and collaborated with backend teams
- Improved performance, UI consistency, and cross-browser compatibility

PROJECTS

C3H Global Platform | <https://c3hglobal.com>

Tech: Next.js, TypeScript, Redux Toolkit, REST APIs, Stripe

- Developed scalable multi-role platform supporting recruiters, service providers, and end users
- Built role-based dashboards to manage jobs, services, applications, and saved items
- Implemented subscription-based access with Stripe payment gateway integration
- Integrated REST APIs for authentication, job posting, service management, and user workflows
- Optimized performance using code splitting, lazy loading, and reusable component architecture

American Petroleum and Convenience Store Association (APCA) | <https://www.apca.us/en>

Tech: Next.js, TypeScript, REST APIs, Strapi

- Built a responsive website from scratch using Next.js, Module CSS, and Strapi CMS for a non-profit serving 2,000+ members
- Developed dynamic pages for Membership, Events, Government Affairs, and Vendor listings with a user-facing membership registration flow

HealthLantern | <https://www.healthlantern.com/>

Tech: React Native, REST APIs

- Built a full-featured React Native mobile app for a cloud-based Healthcare Management System
- Developed key modules including Appointment Booking, Patient Management, Inventory Management, and Session Management
- Delivered a seamless cross-platform experience covering end-to-end healthcare workflows for both patients and providers

EDUCATION

Bachelor of Computer Applications

Indira Gandhi National Open University

June 2023 – July 2026

Diploma in Information Technology

Lal Bahadur Shastri Training Institute

June 2020 – June 2021
